

Bearcreek Country Events is in fact a working farm with apple orchards, blackberry patch, beef cattle, horses and rescue animals, but it is also the perfect place for a wedding. Bearcreek Farms can offer a variety of options for that small country wedding with a touch of class at an affordable price. The grounds provide several beautiful locations for your ceremony and photo opportunities. The settings are endless. Let this rural country setting become your ideal location for that special day.

## The Garden Room

The Garden Room, located in the south wing of the Homestead, seats 200 guests. It has air conditioning and heat along with modern restrooms. This location can be used as a wedding/reception hall.
