Confetti Guns and Sparklers

Sparklers are allowed outside for a departure ceremony. It is necessary that a bucket of water be in the same area for guests to dispose of the sparklers. Bubbles are great also but all of these items must be cleaned up after the event. Confetti Guns are fun but messy. It is your responsibility to clean up all the paper shreds after the reception.

Alcohol

I do not tolerate underage drinking or guests that feel that they can bring in their own alcohol, with the exception of the head table. I understand that everyone wants to have a good time and drinking can become excessive but I am not on property to babysit the drunks or their children. If I have to clean up vomit, or babysit children and teenagers their will be an additional fine at the end of the evening. Vehicles are welcome to be left overnight for those guests that need to find a different ride home.
